2. Terms: 2% 10 days, 30 days net. For cash *with* order, 2% discount and free boxing. Shipment made on open account only after suitable credit has been established with us. All others C. O. D., or cash with order.

6. All stock offered subject to prior sale. All orders booked subject to crop yield.

Our stock is two year old, field grown, budded on Multiflora Japonica. It is carefully dug and graded to assure you of the best obtainable.

On Non-Patented Roses you are entitled to the quantity rate if your order includes Patented Roses. For instance if you order 150 Non-Patented and 360 Patented Roses you will be charged the 500 rate on the Non-Patented varieties. This applies on orders for 10 or more of a kind only.

COLOR CHARTS for wall hanging showing about 50 popular roses in full natural color furnished free with orders for 500 or more rose bushes. Additional charts at \$1.50 each.

Prices of Patented Roses

The price of No. 1 grade is as quoted for each individual variety. The price of the No. 1½ grade is twenty per cent less than the No. 1 grade price. The quantity rate of patented varieties is determined by the number of each variety ordered, rather than the total of all varieties. No. 2 grade patented roses are not offered. *Less than 5 of 1 kind of patent roses will be priced at the retail rate less 25%.*

Because of the additional labor that would be involved at an already extremely busy period, our No. 1½ and No. 2 grades cannot be ready for shipment until late December or early January.

All patented roses are grown under License from the various patent holders.
